

Tweedmouth West First School Our Religious Education Curriculum

*R*espect *R*esponsibility *R*esilience

At Tweedmouth West we look at a variety of beliefs and religions, often through enquiry, giving the children a view of the world from which they can make their own decisions.

We look more closely at Christian festivals, which we celebrate throughout the year.

We see the importance for children to develop their spiritual intelligence, and to understand the concepts of respect and tolerance.
